

ELL Co-Enrollment Pilot Program

Q&A

March 1, 2019

1) Q: What types of organizations are eligible to respond to this RFA? Can a WorkSource Center/AJCC within a public agency apply?

A: There are three project types that an organization can apply for: New ELL Co-Enrollment Pilot, Expanded ELL Co-Enrollment Pilot and ELL Co-Enrollment Technical Assistance & Evaluation. Depending on which project type an organization applies for, the eligibility does vary. Reference page 9 of the RFA, under *Section F: Eligible Applicants*.

2) Q: Can a workforce board apply for more than one grant? If so, can a workforce board apply for a New ELL Co-Enrollment Grant and a Technical Assistance Grant?

A: Yes, a local workforce board may apply for more than one grant. In this case, a local workforce board may apply for a New ELL Co-Enrollment Pilot and Technical Assistance project; however, they must submit two separate applications, one for each project.
